

VC POLICY

APPLICATION OF FLIGHT SIMULATORS IN CIVIL AVIATION

VC CALLS FOR THE USE OF FLIGHT SIMULATORS SOLELY FOR THE TRAINING AND TESTING OF PROPERLY LICENCED COCKPIT PERSONNEL AS WELL AS FOR THE NECESSARY TRAINING MEASURES TO ACHIEVE THE RESPECTIVE PILOT'S LICENCE AND TYPE RATINGS.

Aspects regarding safety policies

VC calls for safety checks for all users as well as persons with routine access to flight simulators (operators and maintenance personnel) according to LVG §29d.

These safety checks shall be repeated on a routine basis.

All other persons with access to flight simulators shall undergo a similar safety check.

- **These persons' personnel files shall be recorded saved and stored.**
- **This data shall be made available to the competent authorities (tracking of multiple uses).**
- **The procedures for data collection and data storage shall be approved and periodically reviewed by the competent authorities.**
- **No detailed knowledge of systems, procedures or skills may be conveyed except for approved research projects.**
- **The training of aeronautical skills shall be excluded.**
